

Mr. Morton's ICT Level I-III

Welcome to Information and Communication Technology! This course will have multiple grade levels learning & working together. If you have taken this course before you will be excited to find that there is new content and that you may have finished all of the required activities of Level I and so you're moving on to Level II certification. If you finish Level II you are obviously off to the Level III.

*A star means compulsory**

Check them off as you go!
